## TERMS AND CONDITIONS

(Last Updated: April 18, 2018)

These terms and conditions ("**Terms**") cover your participation in the ACA Bounty Campaign Program (the "**Program**"). These Terms are between you and ACAX OÜ ("**Company**," "**us**" or "**we**"). By engaging in any activities stipulated hereunder as they relate to the Program in any manner, you accept these Terms.

1. Program Overview. The Program enables users to participate in social media campaign (Telegram, BitcoinTalk, Twitter, Facebook, YouTube Viewing), content creation and translation campaign, white list campaign, referral campaign and community moderation campaign (each a "**Campaign**") to market and promote the Company's public initial coin offering ("**ICO**") for a chance to earn rewards, in ACA tokens, in an amount determined by the Company in its sole discretion ("**Bounty**"). Each Campaign is governed by separate sets of rules applicable to that Campaign as determined by the Company at its sole discretion. The decisions made by the Company regarding Bounties are final and binding. The Company may change or cancel this Program at any time, for any reason.

## APPENDIX A

### CAMPAIGN REQUIREMENTS AND RULES OF ENGAGEMENT

#### General Rules.

- If the Referral program and White List Program exceed the minimum cap during the ICO, the ACA tokens will be sent to your ETH wallet address.
- For Campaigns other than the White List Campaign and Referral Campaign, the ACA tokens will be sent to your ETH wallet address within one month of the conclusion of the ICO.
- If the minimum cap is not exceeded during the ICO, ACA tokens will not be sent to your ETH wallet address.
- If you did not complete the white list and KYC procedures on the token sale site, the ACA tokens will not be sent to your ETH wallet address.
- If, after the token sale ends, you do not complete the white list and KYC process within 3 months, you will forfeit the ACA tokens you obtained in the Bounty Program.

#### Referral Campaign.

- When you register on the token sale site, you will receive a unique Referral Code (an affiliate link). By embedding this in your content, when users register via that link and purchase ACA tokens, you will receive ACA tokens equivalent to 3% of their purchase total. The above is limited to users who register via your affiliate link. Users who register from an affiliate link and purchase ACA tokens will also receive ACA tokens equivalent to 1% of their purchase total. 30,000,000 ACA tokens, which represents 30% of the total volume of the Bounty Program, is allocated to this program. Once 30,000,000 ACA tokens are distributed, the program concludes.
- If, in the referral program, there are not enough ACA tokens to be given as a bonus, ACA token purchasers do not receive ACA tokens, and instead the user who created the affiliate link is given priority, with the remainder being given to buyers only after the affiliate link creators are rewarded.
- You are free to use social media and other platforms to promote your affiliate link.
- *Example:* B registers using an affiliate link created by A, and B purchases 10,000 ACA tokens. In this case, A receives 300 ACA, and B receives 100

ACA. If B then creates an affiliate link and C registers through it and purchases 10,000 ACA, B receives 300 ACA, and C receives 100 ACA. (Note that A does not receive tokens when C purchases ACA tokens.)

#### White List Campaign.

- In this program, registering an account on the ACA Network token sale site and registering your ETH wallet address entitles you to 4,000 ACA tokens. 10,000,000 ACA tokens, which represents 10% of the total volume of the Bounty Program, is allocated to this program. Once 10,000,000 ACA tokens are distributed, the program concludes.
- You must register an ETH wallet address owned by an individual, not an exchange. Entering an exchange address will make you ineligible for ACA tokens.
- This program runs from April 16, 2018 to May 14, 2018.

#### Community Moderation Program.

- We will select local community representatives to handle spam management and foreign language support on community channels on Telegram, Line, KakaoTalk, and other platforms and entrust them with operations. 4,000,000 ACA tokens, which represents 4% of the total volume of the Bounty Program, is allocated to this program. - If there is a question in the community you do not know the answer to, you must check the details of the response on the ACA Network Official Channel.
- If you distribute incorrect information to users in the community, you are ineligible for ACA tokens.

- Before entrusting you to help manage the community, we must talk to you for 30-60 minutes in order to share detailed information about the ACA Network Project. Please enter your call schedule on the Google form.
- Community representatives must communicate closely with ACA Network Project managers. Note that if you do not notify of a planned absence and cannot be contacted for over 24 hours, it affects the workload; avoid letting this happen. If you expect to not be available, you must notify an ACA Network Project manager in advance.

The program concludes once 1,000,000 ACA tokens are distributed.

- If the nature of the post is for advertising or other commercial purposes, it is ineligible for the program.
- Note that spam accounts will not be eligible for this program.
