Bounty Program

2018.5.14

<https://aca.network>

We are excited to introduce you to the opportunity of being part of ACA Network's mission and journey. Please be a part of our community, let's together achieve our goal to spread the word about ACA Network.

* The rules of each bounty campaign are different, the sizes of the pools are different. Please read all rules carefully.

Bounty Program task categories and requirements

100,000,000 ACA tokens are allocated for use in promoting the token sale and will be used for the Bounty Programs outlined below.

- If the Referral program and White List Program exceed the minimum cap during the token sale, the ACA tokens will be sent to your ETH wallet address.
- For Bounty Programs other than the White List Program and Referral Program, the ACA tokens will be sent to your ETH wallet address within one month of the conclusion of the token sale.
- If the minimum cap is not exceeded during the token sale, the ACA tokens will not be sent to your ETH wallet address.
- If you did not complete the whitelist and KYC procedures on the token sale site, the ACA tokens will not be sent to your ETH wallet address.
- If, after the token sale ends, you do not complete the Whitelist and KYC process within 3 months, you forfeit the ACA tokens you obtained in the Bounty Program.
- If you apply for our BountyProgram, you are agreeing to the BountyProgram Terms & Conditions.

[ACA Network bounty program terms and conditions:](https://aca.network/documents/ACA_BountyProgram_TC.pdf)

Referral Program

When you register on the token sale site, you will receive a unique Referral Code (an affiliate link). By embedding this link in your content you will receive ACA tokens equivalent to 3% of their purchase total whenever users register via that link and purchase ACA tokens. The above is limited to users who register via your affiliate link. Users who register from an affiliate link and purchase ACA tokens will also receive ACA tokens equivalent to 1% of their purchase total.

Rules

- The total amount of ACA tokens distributed for this category is 30M ACA, which represents 30% of the total volume of the Bounty Program. Once 30M ACA is distributed, the program concludes.
- If, in the referral program, there are not enough ACA tokens to be given as a bonus, ACA token purchasers will not receive ACA tokens, and instead the user who created the affiliate link will be given priority, with the remainder being given to buyers only after the affiliate link creators are rewarded.
- You are free to use social media and other platforms to promote your affiliate link.
Example: B registers using an affiliate link created by A, and B purchases 10,000 ACA tokens. In this case, A receives 300 ACA, and B receives 100 ACA. If B then creates an affiliate link and C registers through it and purchases 10,000 ACA, B will receive 300 ACA, and C will receive 100 ACA. (Note that A does not receive tokens when C purchases ACA tokens.)

To participate :

1. Create an account at our token sale site.
2. Get your referral link.
3. Share your link.

White List Program

In this program, registering an account on the ACA Network token sale site and registering your ETH wallet address entitles you to 4,000 ACA.

Rules

- The total amount of ACA tokens distributed for this category is 10M ACA, which represents 10% of the total volume of the Bounty Program. Once 10M ACA is distributed, the program concludes.
- You must register an ETH wallet address owned by an individual, not an exchange. Entering an exchange address will make you ineligible for ACA tokens.
- The program remains open from April 16 to May 14.

To participate :

Complete this form and apply.

Community Moderation Program

We will select local community representatives to handle spam management and foreign-language support on community channels on Telegram, Line, KakaoTalk, and other platforms and entrust them with operations.

Rules

- The total amount of ACA tokens distributed for this category is 4M ACA, which represents 4% of the total volume of the Bounty Program. Once ten community representatives are selected, the program closes to applications. If the requirements below are met, ACA tokens will be granted when the token sale concludes.
- Only communities of 500 or more people are eligible for this program. (Communities of 499 or fewer members are ineligible.)
 - The number of community representatives for a given community will be decided by the ACA Network on a per-community basis.
 - If the requirements are met, ACA tokens will be given based on the work performed, with a minimum of 200,000 ACA and a maximum of 400,000 ACA.
 - Aggregating spam accounts and accounts obviously not interested in ACA tokens will not be recognized as a community.
 - If there is a question in the community you do not know the answer to, you must check the details of the response on the ACA Network Official Channel. If you distribute incorrect information to users in the community, you are ineligible for ACA tokens.
 - Before entrusting you to help manage the community, we must talk to you for 30–60 minutes in order to share detailed information about the ACA Network Project. Please enter your call schedule on the Google form.
 - Community representatives must communicate closely with ACA Network Project managers. Note that if you do not notify of a planned absence and cannot be contacted for over 24 hours, it affects the workload; avoid letting this happen. If you expect to not be available, you must notify an ACA Network Project manager in advance.

To participate :

- Community channel representatives should complete this form and apply.
